About Postharvest
These 10 simple postharvest principles can significantly improve the quality of product that reaches the market and the consumers.

1. Harvest at correct maturity
2. Reduce physical handling
3. Protect product from sun
4. Keep packing line simple and clean; ensure good worker hygiene
5. Select, classify, and pack carefully
6. Align cartons, strap pallet
7. Cool as soon as possible
8. Know market and product requirements
9. Coordinate efficient & rapid handling
10. Train and compensate workers adequately
